iPad Zoom Issues/App won't download or function with iPad

Try these:

1. Close and reopen Zoom
2. Check for an update (Go to App Catalog and reinstall)
3. Restart iPad
4. Check Wi-Fi connection (Also check if it's connected to VPN)
5. Delete and reinstall Zoom

Chromebooks Issues/Zoom Freezes

ONE

Powerwash the Chromebook per these instructions:

- 1. Sign out of your Chromebook.
- 2. Press and hold Ctrl + Alt + Shift + r.
- 3. Select Restart.
- 4. In the box that appears, select Powerwash. Continue.
- 5. Follow the steps that appear and sign in with your Google Account. ...
- 6. Once you've reset your Chromebook, see if your issues are resolved.

TWO

- Tell students to be sure to close other apps and/or windows. Chromebooks are not very powerful and cannot accommodate multiple open apps.

THREE

- IF issues persist, call ITD to troubleshoot.

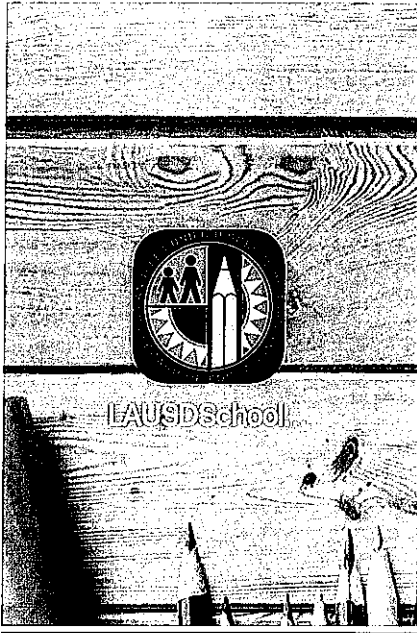

FOUR

- IF that doesn't work, it could be the home internet which is not strong enough. Parents could upgrade, or get a hotspot. Hotspots will only help one student with connectivity issues -- if families have several students, they will not help.

SCHOOLGY APP

Because of the issues with the Schoology app, please use the Schoology shortcut instead. It is a LAUSD logo in a black square and opens in safari. They should already be pushed out to all the iPads. If it cannot be found, you can just open Safari and go to lms.lausd.net, click students and sign in with the student's LAUSD email. This will fix the issues it is having with Zoom. Please do not use the white Schoology app.
